shipping weight: 0.20 kg
Manufacturer: Fibaro

📄 Product Description

Walli Switch

With the FIBARO Walli Switch you can switch off the light even when you are not at home. The small flush-mounted module is combined with an optically appealing switch which can be used to switch one or two light sources.

The small FIBARO Walli Switch measures the active power and the energy consumption. With its LED ring you are informed about the current energy consumption. The installation is easy and can be carried out according to your individual wishes. Use the included switch or your own switch series (GIRA System 55, Legrand Celiane, Schneider Odace).
