Product Description

Polycarbonate Mounting Base Housing in Grey

The RPI-BC enclosure from Phoenix Contact is designed to house a Raspberry Pi model A+, B+, B2 or B3. It features tool-free mounting and complies with DIN 43880 enabling it to be integrated in a distributor housing. The RPI-BC housing system can be mounted on a TS 35 DIN Rail or on a wall.

Further PCBs can also be inserted in the housing in addition to the Raspberry Pi board.

- Series: RPI-BC
- Color: Grey
- Body material: Polycarbonate
