📄 Product Description

ABS Quattro Case for use with Raspberry Pi 2, 3, B+ in Clear
DesignSpark's Quattro Raspberry Pi case was designed to enclose your Raspberry Pi 2 Model B, 3 Model B or Model B+ development board as well as an internal 2.5 inch hard drive. The Quattro case has a spacious design with room inside for installing other components including a front facing Raspberry Pi camera and HAT (Hardware Attached on Top) PCBs. The Quattro Raspberry Pi enclosure is made from robust ABS and has a modular design which consists of a base, centre and cover which simply snap together.

- For use with: Raspberry Pi 2, Raspberry Pi 3, Raspberry Pi B+
- Series: Quattro
- Color: Clear
- External dimensions: 120 x 120 x 55 mm
- Body material: ABS
