SR-10U - 19" 10U Desktop Rack

from **44,74 EUR**

Item no.: SR-10U
shipping weight: 1.90 kg
Manufacturer: MikroTik

Product Description

SR-10U - 19" 10U Rack Holder

Mount it under the table or put it on the table – like we do it in our testing department. You can even attach a multi-plug extension cord to the back of this sturdy and lightweight aluminium rack.

The package includes screws for 10 devices, as well as nuts and screws for mounting the rack itself. While this is not a revolutionary product, it can make the lives of system administrators, engineers, and testers a little bit easier.

Compatible with all MikroTik (and other vendor!) devices that would fit in a standard 19" rack.

But there's more! With the small K-79 accessory kit, you can fit up to four RB5009UG+S+IN routers in a single 1U rackmount space or up to 40 routers in total!

- Weight: 1,85 kg
- Dimensions: 318 x 511 x 507 mm
