5,06 EUR

Item no.: 347258
shipping weight: 0.20 kg
Manufacturer: VARIA Group

Product Description

Reusable cable tie 200 x 7.2 mm, black, 100 pcs.

Whether fixing, organising, bundling or sorting - these cable ties can be used universally and are characterised by high tensile strength, heat resistance and high-quality material (UL certified nylon PA 66). They can be used not only in crafts, technology and industry, but also in the private sector. Due to their UV resistance, these cable ties are also suitable for outdoor use.

Reusable - resource-saving and economical

Compared to conventional cable ties, these reusable cable ties have a release tab on the head. By pressing this tab, the cable ties can be opened again and are therefore reusable. This not only protects the environment's resources, but also your wallet.
