

Item no.: 354087

85441 - Patchcable Cat.6a, SF/UTP, 1m, turquoise

21,97 EUR

Item no.: 354087
shipping weight: 0.10 kg
Manufacturer: Delock

Product Description

This industrial Ethernet cable by Delock can be used to connect various components with M12 connectors, e.g. for machine control or automation. Durable cable sheath made of TPU. The material of the cable sheath makes the cable flexible and resilient, so that it can also be used in drag chains and harsh environments. The cable is oil and UV-resistant and meets the high requirements for industrial applications. Specification - Connections: 1 x M12 plug 4 pin D-coded > 1 x RJ45 Hirose plug - Pin assignment according to PROFINET standard - Suitable for drag chains - SF/UTP - Shielding: aluminium foil, transparent foil, braiding made of tinned copper - Copper cable - Wire cross-section: 26 AWG - Cable diameter: approx. 6.4 mm - Cable sheath material: PUR (TPU) - Max. Max. number of bending cycles: 1,000,000 - Minimum bending radius: 32 mm for fixed installation; 64 mm for flexible installation - Oil-resistant in accordance with DIN EN 60811-2-1 - UV-resistant - LS0H (halogen-free) - Flammability class: FT2 - Operating temperature: -20 °C ~ 80 °C - Protection class: IP20 - Colour: water blue - Length incl. connections: approx. 1 m - Cable length: approx. 1 m Length incl. connections: approx. 1 m System requirements - One free M12 socket - One free RJ45 socket Package contents - Patch cable Packaging - Resealable bag
