### Product Description

This HDMI cable by Delock is used to connect devices with an HDMI interface, such as televisions, Blu-ray players, monitors or projectors. By supporting a maximum bandwidth of 18 Gbps, content with a resolution of up to 4K Ultra HD (3840 x 2160 @ 60 Hz) can be played back. Ultra HD 4K resolution without loss of quality. The integrated Redmere chipset enables the transmission of image and sound signals even over long distances without loss of quality. This makes the cable perfect for use in large conference rooms, for example.
