

Item no.: 357384

Converter SCART / HDMI to HDMI with scaler

from **69,37 EUR**

Item no.: 357384
shipping weight: 0.40 kg
Manufacturer: Delock

Product Description

The Delock A/V converter converts an analogue SCART video and audio signal into a digital HDMI signal. For example, a video recorder or a game console can be connected to an HDMI monitor or Full HD TV. In addition, there is an HDMI input so that the converter can be used as a switch. Both inputs are scaled to an HDMI output signal of 720p or 1080p with 50 or 60 Hz via the integrated video processor. The audio signal is available simultaneously at the HDMI output, as a digital S/PDIF signal and as an analogue stereo signal at the jack socket.

- Connections: Input: 1 x SCART socket (RGB or composite) 1 x HDMI-A 19 pin socket 1 x DC 5 V power connection Output: 1 x HDMI-A 19 pin socket 1 x 3.5 mm 3 pin jack socket 1 x Coaxial socket S/PDIF
- Input switchable between SCART / HDMI
- Output switchable between 720p / 1080p, PAL / NTSC
- Resolution (SCART input) PAL / NTSC-M / NTSC 4.43 / SECAM / PAL-M / PAL-N
- Resolution (HDMI output) 1280 x 720 or 1920 x 1080 @ 50 or 60 Hz
- Supports stereo audio
- Dimensions (LxWxH): approx. 102 x 101 x 25 mm

Power supply specification

- Plug-in power supply unit
- Input: AC 100 ~ 240 V / 50 ~ 60 Hz / 0.4 A
- Output: 5 V / 1 A
- Ground outside, plus inside
- Dimensions: inside: \varnothing approx. 2.1 mm outside: \varnothing approx. 5.5 mm length: approx. 9.5 mm

System requirements

- Monitor or TV with HDMI connection
- Connection cable

Package contents

- Converter SCART / HDMI > HDMI
- External power supply unit
- Operating instructions
