Product Description

This cable from Delock allows you to connect an HDMI monitor or projector to a PC or notebook with a DisplayPort interface. The cable supports a resolution of up to Ultra HD (4K) and is downward compatible with Full HD 1080p.

The cable offers active conversion, so it is also suitable for graphics cards that cannot output DP++ signals.

The cable can only be used to connect an HDMI output device to a DisplayPort source, e.g. an HDMI monitor to a PC with a DisplayPort connector. The reverse signal direction is not supported.
