Product Description

This PCI Express card from Delock expands the PC by four M.2 slots. Up to four M.2 SSDs in 22110, 2280, 2260 and 2242 format can be connected to these. With the help of the large heat sink and the fan, sufficient cooling of the M.2 modules is ensured.

Especially in the gaming and server sector, this card is ideally suited to expand the existing system with four fast M.2 NVMe slots. All slots can be used simultaneously.
