Product Description

This USB memory stick from Delock can be used to store and transport data such as photos, videos and music. The USB flash drive can be connected either via the USB Type-C™ or USB Type-A plug, simply turn the inner part and it will snap into place. Thanks to the stylish design with eyelet, the small USB memory can be easily attached to a key ring for transport.

Due to its small dimensions and sturdy metal housing, this Delock USB stick is particularly suitable for travelling. Thanks to its small design, the USB stick fits in any trouser pocket. The USB 3.2 Gen 1 Type-A connector is compatible with its predecessors USB 3.0, USB 2.0 and USB 1.1, so the memory stick can also be connected to a USB 2.0 or USB 1.1 port. The data transfer rate corresponds to the respective specification.
