Manufacturer: Delock

Product Description

This USB memory stick from Delock can be used to store and transport data such as photos, videos and music. The USB flash drive can be connected either via the USB Type-C™ or USB Type-A plug, simply turn the inner part and it will snap into place. Thanks to the stylish design with eyelet, the small USB memory can be easily attached to a key ring for transport.

Small, stable helper Due to its small dimensions and stable metal housing, this Delock USB stick is particularly suitable for on the go. Thanks to its small size, the USB flash drive fits in any trouser pocket.

Downward compatible The USB 3.2 Gen 1 Type-A connector is compatible with its predecessors USB 3.0, USB 2.0 and USB 1.1, so the memory stick can also be connected to a USB 2.0 or USB 1.1 port. The data transfer rate corresponds to the respective specification.
