Product Description

CYBERPOWER Replacement Battery Pack RBP0130

CyberPower RBP0130 is a ready-to-use battery pack that enables the user to easily change the battery for further safe functionality of UPS systems. In the Replacement Battery Pack (RBP), leak-proof, sealed lead-gel batteries are used to ensure the safe and reliable functioning of the power supply system.

The battery pack is certified by CyberPower, which guarantees the high quality and safety of the product and enables correct runtime displays. The maintenance-free construction frees the user from the need to carry out further services.

- Maintenance-free lead-gel batteries
- Leak-proof design
- Maintenance-free
- Guaranteed compatibility
- Longer battery life

- Nominal output voltage (Vdc): 48
- Type of battery: maintenance-free lead gel
- Number of batteries (pcs): 8
- Dimensions (WxHxD) (mm): 200 x 72 x 454
- Weight (kg): 15.8
- Operating temperature (° C): 0 ~ 40
- Operating relative humidity (non-condensing) (%): 0 ~ 95
- Operating altitude (meters): 3,000 meters
- Storage temperature (° C): -15 ~ 45
- Storage Relative Humidity (non-condensing) (%): 0 ~ 95
- Storage height (meters): 0 - 15,000 meters
- Compatible with PR2200ERTXL2UAN and PR3000ERTXL2UAN
