### Product Description

This monitor stand by Delock raises the computer monitor to a more comfortable viewing height to reduce strain on the eyes, neck and back while working and to achieve a good posture. Plenty of storage space The built-in drawer offers plenty of space for storing office supplies and documents. A keyboard and mouse can be placed under the monitor stand, ensuring a tidy and organised workplace. High stability Non-slip pads on the underside ensure that the stand does not slip and remains securely in position. Versatile The monitor stand is ideal for PC screens, notebooks and tablets and requires no assembly.
