12528 - Ergonomic vertical optical 5-button mouse 2.4 GHz wireless

from **17,90 EUR**

Item no.: 373563
shipping weight: 0.20 kg
Manufacturer: Delock

Product Description

This wireless vertical mouse by Delock is suitable for right-handed users and is connected to a computer via a compact USB receiver. During transport, the receiver can be attached to a slot on the underside of the mouse. Thanks to the 2.4 GHz wireless technology, the maximum range is 10 metres. Thanks to the ergonomic design, the hand remains in an upright position and does not need to be turned. This means that the mouse can be used as a preventative measure or for incipient complaints such as RSI (repetitive strain injury).
