from **42,05 EUR**

Item no.: 373675
shipping weight: 0.40 kg
Manufacturer: Delock

Product Description

This wireless keyboard by Delock is suitable for Smart TVs and can also be used for PCs or notebooks with Windows operating systems. With the touchpad, the mouse function (cursor) can be used on the TV, e.g. to surf the Internet more comfortably. On the PC, the keyboard serves as a replacement for the normal keyboard and mouse.
