

Item no.: 361976

Ergonomic USB mouse vertical - wireless

from **17,41 EUR**

Item no.: 361976
shipping weight: 0.20 kg
Manufacturer: Delock

Product Description

This wireless vertical mouse from Delock is suitable for right-handers and is connected to a computer via a compact USB receiver. During transport, the receiver can be attached to a slot on the underside of the mouse. Thanks to the 2.4 GHz wireless technology, the maximum range is 20 metres. Due to the ergonomic design, the hand remains in an upright position and does not have to be turned. Thus, the mouse can be used preventively or in case of incipient complaints, such as RSI (repetitive strain injury). To adjust the sensitivity of the mouse, there are three adjustable DPI levels.

Specification

- Connection: 1 x USB 2.0 type-A plug
- Compact nano USB receiver
- For right-handers
- 3 power saving modes
- 4 standard buttons, 1 scroll wheel and 1 DPI button
