

Item no.: 362001

Stereo 2.0 PC speaker with 3.5 mm jack plug and USB power supply.

from **18,50 EUR**

Item no.: 362001
shipping weight: 0.90 kg
Manufacturer: Delock

Product Description

This pair of stereo speakers from Delock can be connected to a free 3.5 mm jack socket to listen to music, for example.

Thanks to the USB power supply and the 3.5 mm jack plug, the speakers can be used universally. No external power supply is needed, as the power supply runs via USB. The speakers can therefore be operated on a notebook while on the move or at home on a PC, tablet or MP3 player.

Despite their compact size, the speakers offer a good sound.

The speakers have a volume control on the back of the housing for individual and continuous adjustment of the volume.

The loudspeaker membranes are protected by a fine metal grid and are thus safe from mechanical damage. In addition, the speakers have rubber feet on the bottom to prevent possible scratching of the table.

Specification

- Connectors:
- 1 x 3.5 mm 3 pin jack plug
- 1 x USB type-A plug (power supply)
- 1 x volume control
- Audio system: 2.0
- Power / RMS: 3 W
