90401 - PCI Express x4 Card to 1x M.3/NF1 Slot - Low Profile Form Factor

from **27,79 EUR**

Item no.: 342543
shipping weight: 0.10 kg
Manufacturer: Delock

Product Description

PCI Express x4 Card to 1x M.3/NF1 Slot - Low Profile Form Factor

This PCI Express card by Delock expands the PC by one M.3/NF1 (NGSFF) slot. One M.3 module with 110 mm length and 30 mm width can be connected.

Cooling for the SSD

For better cooling, the PCB of the PCIe card has a recess, which is located directly under the inserted SSD. Thus it is possible that an optional heat sink can be mounted on the bottom of the SSD.

Package content

- PCI Express card
- Low profile bracket
- 1x fixing screw
- User manual

- Connectors: Internal: 1x M.3/NF1 slot, 1x PCI Express x4, V3.0
