66317 - Audio adapter 8 pin Lightning connector DAC 24 bit/48 kHz Hi-Res to 3.5mm

from **44,75 EUR**

Item no.: 368155
shipping weight: 0.10 kg
Manufacturer: Delock

Product Description

This audio adapter by Delock enables the connection of a device or headphones with a 3.5 mm 4 pin jack plug to the iPhone 7 or other mobile devices with an 8 pin Lightning™ socket. 5N PCOCC silver-plated cable The silver-plated 5N PCOCC cable supports a higher transmission efficiency than copper and therefore offers the advantages of very fast, crystal-clear signal transmission and lower electrical resistance. At the same time, the cable is very flexible and durable. Silver-plated cables are used in particular for high-end audio and video applications.

Specification- Connections: 1 x 8-pin Apple Lightning™ plug > 1 x 3.5 mm 4-pin jack socket- Chipset: C100- Wire cross-section: 26 AWG- Lossless digital-analogue audio decoding chipset- 24 bit / 48 kHz Hi-Res output capability- 0 % frequency range loss- 98 dB noise reduction- Length incl. connections approx. 10.5 cm System requirements- Device with free Lightning™ socket- Devices or headphones with a 3.5 mm 4-pin jack plug Package contents- Audio adapter
