## 20923 - USB port blocker set for USB type A socket 5 pieces + locking tool

from **14,92 EUR**

Item no.: 372374  
shipping weight: 0.10 kg  
Manufacturer: Delock

### Product Description

The USB port blocker set by Delock can be used to protect USB type A sockets from unauthorised access. The port blockers inside the tool are placed on the tip, pushed into the USB port and block the USB socket. A total of 5 USB type A ports can be blocked with the set. Access to the socket by cables or USB sticks is then no longer possible. The enclosed tool is required to release the lock. Practical design with eyelet. The shape of the tool is reminiscent of a USB stick and the eyelet at the rear end makes it possible to attach the port blocker to a key ring, for example.

Specification- Suitable for all standard USB type A sockets- Colour of tool: grey- Colour of USB port blocker: blue- Tool dimensions (LxWxH): approx. 69 x 19 x 12 mm  
System requirements- One free USB type A socket  
Package contents- 5 x USB port blockers- 1 x locking tool
