Product Description

These headphones by Delock are suitable for listening to music and making phone calls for smartphones and tablets. Stereo sound
The 10 mm headphone audio drivers are characterised by clear treble and deep bass and therefore offer a good stereo sound.
High-quality OFC copper cable
The twisted OFC (Oxygen Free Copper) cable of the headphones is made of oxygen-free copper and therefore offers the best transmission properties and durability.
Ergonomic design & comfortable silicone ear tips
The ergonomically angled headphones are comfortable to wear. The soft earplugs are made of food-safe and environmentally friendly silicone and mould perfectly to the ear canal.
Cable remote control & quick mute function
There is a cable remote control on the cable that can be used to adjust the volume on the headset as required. The multifunction button can be used to quickly mute the microphone and select, pause or play the next song.
