shipping weight: 0.20 kg
Manufacturer: Delock

Product Description

PCI Express x4 card to 4 x external USB 3.0 Quad Channel - Low Profile Form Factor

The PCI Express card from Delock expands the PC with four external USB 3.0 ports. Each port is powered by a single Renesas chipset, enabling a high data transfer rate. Various USB devices, such as docking stations, card readers, external enclosures, etc., can be connected. Due to the vertical arrangement of the USB 3.0 ports, installation in a low-profile slot is possible.

No additional power supply

Due to the on-board 5 V DC power supply regulation, the PCIe card does not require an additional power supply.

Using the four jumpers, the current can be limited to 900 mA or 1.5 A at each USB port.

Package contents

- PCI Express card USB 3.0
- Low profile bezel
- Instruction manual

- Connections: external: 4 x USB 3.0 type-A socket; internal: 1 x PCI Express x4, V2.0
- Chipset: 4 x Renesas uPD720202
- Data transfer rates up to: SuperSpeed 5 Gbps, Hi-Speed 480 Mbps, Full-Speed 12 Mbps, Low-Speed 1.5 Mbps
- 4 x jumpers for setting 0.9 or 1.5 A output
- 9 x LED display
- Operating temperature: 0 °C ~ 60 °C

System requirements

- Linux kernel 3.3 or higher
- Windows 8.1/8.1-64/10/10-64
- Windows Server 2016
- PC with a free PCI Express x4 / x8 / x16 / x32 slot
