

Item no.: 358452

PCI Express x16 (x1/x4/x8) card to 1x NVMe M.2 Key M with LED illumination

17,35 EUR

Item no.: 358452
shipping weight: 0.10 kg
Manufacturer: Delock

Product Description

This PCI Express card from Delock adds an M.2 slot to the PC. An M.2 module in 2280, 2260, 2242 or 2230 format can be connected to the card. The card can be operated at a x1, x4, x8 or x16 slot through the cut-outs. If the card is installed in the PC, the slot bracket does not have to be removed.

The large heat sink ensures sufficient cooling of the M.2 modules. The PCIe card has 7 LEDs to illuminate the inside of the computer. The RGB LEDs automatically change their colour in a colour gradient and use the entire colour spectrum.

- Connectors: 1x 67 pin M.2 Key M slot; 1x PCI Express x16 (4-lane), V4.0
- Interface: PCIe
- Supports M.2 modules in format 2280, 2260, 2242 and 2230 with Key M or Key B+M on PCIe basis
- Bootable, starting with UEFI version 2.3.1
- Supports NVM Express (NVMe)
- Supports S.M.A.R.T
- Supports TRIM
- 1x LED display for power and activity
- 7x RGB LED for automatic colour change
- Dimensions (LxWxH) without heat sink: approx. 98 x 44 x 5 mm
