### Product Description

This M.2 docking station by Delock enables the operation of two M.2 PCIe NVMe SSDs and can be connected to a PC or notebook via USB. The included USB cable enables the connection to a free USB-C™ socket. M.2 PCIe SSD cloning function: The cloning function makes it possible to copy data from one SSD to another SSD without using a PC. Well-cooled fan in the lower area of the docking station ensures sufficient cooling of the SSDs used, so that operation works smoothly even with the lid closed. Suitable as a transport box: Thanks to the elegant design and the specially designed lid, the docking station is also suitable as a transport box for two M.2 storage devices.
