

Item no.: 361865

Professional USB condenser microphone set for podcasting and gaming

from **58,95 EUR**

Item no.: 361865
shipping weight: 1.60 kg
Manufacturer: Delock

Product Description

This professional USB condenser microphone from Delock can be used for high-quality voice and vocal recordings. Optimal recordings thanks to its high performance, low self-noise and precise reproduction, even the finest sounds are recorded crystal clear. Dual Layer Pop Filter & Windscreen Thanks to the Dual Layer Pop Filter and Windscreen included in the scope of delivery, the recording quality is optimised even further. Annoying wind noise is optimally filtered out. High sampling rate Conventional USB microphones work with 16 bit and 44 Khz. The Delock microphone offers a sampling rate of 24 bit and 192 kHz, so that recordings in Hi-Fi studio quality are possible. Plug & Play Thanks to USB Plug & Play, the microphone is ready to use immediately and no driver installation is necessary. The microphone works with all common operating systems such as Windows, Mac OS, Chrome OS and Linux. Stable & adjustable stand The stand ensures that the microphone is stable on the table. Thanks to the telescopic function, the microphone can be adjusted to the desired height.
