

Item no.: 361837

USB Gooseneck Microphone with Stand and Mute + On / Off Button

from **34,29 EUR**

Item no.: 361837
shipping weight: 0.30 kg
Manufacturer: Delock

Product Description

This USB microphone from Delock can be used for voice and vocal transmissions. The rubberised base ensures a non-slip stand and the gooseneck allows the microphone to be bent in the ideal direction. The LED ring and the green LED indicate that the microphone is ready for use and the blue or red light indicates that it is muted or unmuted. The microphone can be muted with the mute button and switched on and off with the ON button.
