

Item no.: 361878

USB Tie Lavalier Microphone Omnid. 24 Bit / 192 kHz with clip and 3.5 mm

from **31,33 EUR**

Item no.: 361878
shipping weight: 0.10 kg
Manufacturer: Delock

Product Description

This USB microphone from Delock can be used for high-quality voice and vocal transmissions.

It can be easily attached to a tie or collar with the clip.

The microphone has a circular directional characteristic (omnidirectional) and thus captures sound ideally. Thanks to high performance, low self-noise and precise reproduction, even the finest sounds are optimally recorded.

Conventional USB microphones work with 16 bit and 44 kHz. This Delock microphone offers a sampling rate of 24 bit and 192 kHz, so that recordings in Hi-Fi studio quality are possible.

The microphone has a 3.5 mm jack socket for connecting headphones or speakers, for example. The audio output provides a bit depth of 32 bits at a sampling rate of 192 kHz.

Thanks to USB Plug & Play, the microphone is ready to use immediately and no driver installation is necessary. The microphone works with all common operating systems such as Windows, Mac OS, Chrome OS and Linux.

Specification

- Connectors:
- 1 x USB 2.0 type-A plug
- 1 x 3.5 mm 3 pin jack socket
- Polar pattern: omnidirectional
- Sensitivity: -30 dB +/- 3 dB
- Frequency range: 50 Hz - 18 kHz
- Sampling rates:
- Recordings up to 24 bit / 192 kHz
- Playback up to 32 bit / 192 kHz
- Signal-to-noise ratio (SNR): approx. 74 dB
- Cable length: approx. 2 m
- Housing material: metal
- Colour: black / anthracite
- Weight: approx. 30 g
- USB bus power
- Plug & Play

System requirements

- Chrome OS
- Linux Kernel 3.3 or higher
- Mac OS 10.14 or higher
- Windows 8.1/8.1-64/10/10-64
- PC or notebook with a free USB Type-A port

Package contents

- USB microphone
- Clip-on
- Windscreen
- Storage bag
- Instruction manual

Packaging

- Retail Box
