

Item no.: 361886

Multifunctional dual capsule USB microphone with 3.5 mm jack headphone.

from **61,91 EUR**

Item no.: 361886
shipping weight: 0.60 kg
Manufacturer: Delock

Product Description

This multifunctional USB condenser microphone from Delock can be used for high-quality voice and vocal recordings and is therefore suitable for streaming, podcasting, gaming and video conferencing.

The microphone has a double-capsule condenser and thus has a cardioid directional characteristic (unidirectional) and also a circular directional characteristic (omnidirectional). The directional pattern can be adjusted by means of a switch on the back of the microphone. This way, the microphone always captures the sound ideally. Thanks to high performance, low self-noise and precise reproduction, even the finest sounds are picked up crystal clear.

The microphone has a 3.5 mm jack socket for connecting e.g. headphones or loudspeakers. The audio output provides a bit depth of 16 bits at a sampling rate of 48 kHz and can therefore record and play back audio signals in DVD quality.

Both the microphone gain and the volume of the headphone output can be adjusted individually using the two volume controls. By pressing the volume control for the microphone gain, the microphone can be muted immediately.

Thanks to USB Plug & Play, the microphone is ready to use immediately and no driver installation is necessary. The microphone works with all common operating systems such as Windows, Mac OS, Chrome OS and Linux.

The metal base provides a stable stand and the rubber coating ensures a slip-free recording.

Specification

- Connectors:
 - 1 x USB Type-C™ 2.0 socket
 - 1 x 3.5 mm 3 pin jack socket
- Cable:
 - 1 x USB Type-C™ 2.0 male >
 - 1 x USB 2.0 Type-A plug
- Polar pattern: uni-directional / omni-directional
- Sensitivity: -35 dB +/- 3 dB
- Frequency range: 20 Hz - 20 kHz
- Sampling rates:
 - Recording up to 16 bit / 48 kHz
 - Playback up to 16 bit / 48 kHz
- Signal-to-noise ratio (SNR): approx. 70 dB
- Sound pressure level (SPL): max. 110 dB
- Microphone volume control (loud / soft / mute)
- Volume control headphone output (loud / quiet)
- Polar pattern switch
- Power (operation indicator) LED
- Cable length: approx. 1 m
- Housing material: metal
- Colour: black
- Weight: approx. 43 g
- Dimensions (LxWxH): approx. 170 x 70 x 80 mm
- USB bus power
- Plug & Play

System requirements

- Chrome OS
- Linux Kernel 4.4 or higher
- Mac OS 10.9 or higher
- Windows 8.1/8.1-64/10/10-64
- PC or notebook with a free USB Type-A port

Package contents

- USB microphone
- Cable USB Type-C™ plug to USB Type-A plug
- Instruction manual

Packaging

- Retail Box
