

Item no.: 373001

65177 - RJ45 port doubler 1 x RJ45 plug to 2 x RJ45 socket (2 x Ethernet)

from **6,99 EUR**

Item no.: 373001
shipping weight: 0.10 kg
Manufacturer: Delock

Product Description

This Y adapter by Delock doubles the connections on an installed network cable. A single cable can be used for two simultaneous 10/100 Mbit/s Ethernet connections. This requires two adapters, which are connected to the network socket and the patch panel. Two sockets are then available on both sides instead of one. Note: The adapter cannot be used alone; a second adapter is always required (or 2 ports on a correspondingly occupied patch panel).

Specification- Connections: 1 x RJ45 plug > 2 x RJ45 socket- Plastic housing (metallised)- Pin assignment: plug 1 2 3 6 4 5 7 8 socket 1 1 2 3 6 - - - - Fast Ethernet socket 2 - - - - 1 2 3 6 Fast Ethernet- Cable length incl. connections: approx. 15 cm System requirements- One 8-pin Cat.5 cable with RJ45 sockets on both sides (structured cabling, network socket or patch panel) - One additional Port Doppler Pack contents - RJ45 Port Doppler Packaging cable with RJ45 sockets on both sides (structured cabling, network socket or patch panel)- An additional port doubler Package contents- RJ45 port doubler Packaging- Resealable bag
