

Item no.: 373056

66824 - Thermostat with NO contact for top-hat rail

from **7,61 EUR**

Item no.: 373056
shipping weight: 0.10 kg
Manufacturer: Delock

Product Description

This thermostat by Delock is used to control heating devices or to switch signalling devices when the temperature is exceeded. The contact opens when the temperature rises. Thanks to the integrated clips on the back, it can be mounted on a 35 mm top-hat rail in a switch cabinet.

Specification- Connection: 2-pin terminal for 2.5 mm²- Switching function: NO contact- Switching capacity: max. AC 250 V, 10 (2) A / 120 VAC, 15 (2) A DC 30 W- Switching temperature difference: 7 K (±4 K tolerance)- Temperature setting range: 0 °C ~ 60 °C- Sensor: Thermobimetal- Top-hat rail mounting: 35 mm- Protection class: IP20- Service life: > 100.000 cycles- Fire resistance class: 94V-0- Operating temperature: -45 °C ~ 80 °C- Colour:- Housing: grey- Temperature controller: red- Housing material: plastic- Dimensions (LxWxH): approx. 60 x 43 x 33 mmPackage contents- Thermostat- Operating instructionsPackaging- Box
