## 18315 - Experimental Breadboard 300/100 contacts

from **7,16 EUR**

Item no.: 338968  
shipping weight: 0.10 kg  
Manufacturer: Delock

### Product Description

Delock Experimental Breadboard 300/100 contacts

This experimental breadboard by Delock enables a fast solderless assembly of small electronic circuits. The circuit can be changed by simply repositioning the components.

- This breadboard is suitable, for e.g. switching tests, PCB projects and various craft projects.
- The breadboards are often used in the hobby sector, in the laboratory, in industry and also at schools or universities, as the assembly is quick and no soldering is necessary.
- The experimental breadboards have an adhesive sticker on the bottom side, to mount it easily to any smooth surface and removed without leaving any residue.
- Connectors: 1 x terminal strip: 300 contacts; 2 x distribution strip: 100 contacts
- self-adhesive
- Material: plastic
- Colour: white
- Dimensions (LxWxH): ca. 84 x 54 x 9 mm
- Package content: Experimental breadboard
