18314 - Experimental Breadboard with base plate 1260/400 contacts

from **20,02 EUR**

Item no.: 338967
shipping weight: 0.40 kg
Manufacturer: Delock

Product Description

Delock Experimental Breadboard with base plate 1260/400 contacts

This experimental breadboard by Delock enables a fast solderless assembly of small electronic circuits. The circuit can be changed by simply repositioning the components.

- This breadboard is suitable, for e.g. switching tests, PCB projects and various craft projects.
- The breadboards are often used in the hobby sector, in the laboratory, in industry and also at schools or universities, as the assembly is quick and no soldering is necessary.
- Connectors: 2 x terminal strip: 1260 contacts; 4 x distribution strip: 400 contacts; 3 x binding posts
- Material: plastic, metal
- Colour: black / white
- Dimensions (LxWxH): Base plate: ca. 215 x 130 x 1 mm; Breadboard: ca. 165 x 109 x 9 mm
- Package content: Experimental breadboard
