from **13,23 EUR**

Item no.: 373432
shipping weight: 0.20 kg
Manufacturer: Delock

Product Description

With this notebook lock from Navilock, various devices such as notebooks, projectors, monitors etc. can be secured at any location. The 1.8 m long steel cable with key lock can be easily tied around objects such as a table leg, chair or similar and thus secures the device against theft. Kensington Slot compatible This notebook lock is compatible with the so-called Kensington Slot. The Kensington Slot is the 3 x 7 mm opening on the housing. On many devices, this opening is labelled with a lock symbol. The small design of the lock makes this security cable ideal for narrow netbooks. Locking the lock without a key The special mechanism of the laptop lock allows the lock to be locked without a key. The matching key is only required for unlocking.
