Product Description

This docking station by Delock can be connected to an iPad Pro (2018) with USB Type-C™ port. The docking station can also be connected to other devices such as smartphones, tablets or laptops. A monitor with 4K 60 Hz can be operated at the HDMI output. An integrated USB Type-C™ port and a USB Type-A port enable the use of peripheral devices up to 100 watts. The docking station has a USB Type-C™ Power Delivery port, to which the power supply unit of the notebook or tablet can be connected to charge it. The docking station can also be used without a power supply unit. Thanks to its small dimensions and sturdy housing, this Delock docking station is particularly suitable for travelling. It can simply be packed in your bag together with your notebook and used when needed.
