65907 - Navilock wireless Qi charging station

from **14,78 EUR**

Item no.: 373474
shipping weight: 0.20 kg
Manufacturer: Delock

Product Description

With this Qi-certified charging station from Navilock, a mobile device can be charged wirelessly. Induction energy transfer means that charging cables are no longer required and the connectors are protected. The console-shaped design means that the display remains easy to use and the mobile device is always within easy reach. Optionally, a charging cable for another mobile device can be connected to the built-in USB type A socket.
