

Item no.: 373055

## 66823 - Thermostat with NC contact for top-hat rail

9,62 EUR

Item no.: 373055 shipping weight: 0.10 kg Manufacturer: Delock

## Product Description

This thermostat by Delock is used to control filter fans, heat exchangers or to switch signalling devices when the temperature is exceeded. The contact closes when the temperature rises. Thanks to the integrated clips on the back, it can be mounted on a 35 mm top-hat rail in a switch cabinet.

Specification- Connection: 2-pin terminal for 2.5 mm²- Switching function: NC contact- Switching capacity: max. AC 250 V, 10 (2) A / 120 VAC, 15 (2) A DC 30 W- Switching function: NC contact- Switching capacity: max. AC 250 V, 10 (2) A / 120 VAC, 15 (2) A DC 30 W- Switching function: NC contact- Switching capacity: max. AC 250 V, 10 (2) A / 120 VAC, 15 (2) A DC 30 W- Switching function: NC contact- Switching capacity: max. AC 250 V, 10 (2) A / 120 VAC, 15 (2) A DC 30 W- Switching function: NC contact- Switching capacity: max. AC 250 V, 10 (2) A / 120 VAC, 15 (2) A DC 30 W- Switching function: NC contact- Switching capacity: max. AC 250 V, 10 (2) A / 120 VAC, 15 (2) A DC 30 W- Switching function: NC contact- Switching capacity: max. AC 250 V, 10 (2) A / 120 VAC, 15 (2) A DC 30 W- Switching function: NC contact- Switching capacity: max. AC 250 V, 10 (2) A / 120 VAC, 15 (2) A DC 30 W- Switching function: NC contact- Switching function: NC c

Specification- Connection: 2-pin terminal for 2.5 mm²- Switching function: NC contact- Switching capacity: max. AC 250 V, 10 (2) A / 120 VAC, 15 (2) A DC 30 W- Switching temperature difference: 7 K (±4 K tolerance)- Temperature setting range: 0 °C ~ 60 °C- Sensor: Thermobimetal- Top-hat rail mounting: 35 mm- Protection class: IP20- Service life: > 100.000 cycles- Fire resistance class: 94V-0- Operating temperature: -45 °C ~ 80 °C- Housing: grey- Temperature controller: blue- Housing material: plastic- Dimensions (LxWxH): approx. 60 x 43 x 33 mmPackage contents- Thermostat- Operating instructionsPackaging- Box
