

Item no.: 372939

65893 - Condenser microphone uni-directional for smartphone / tablet 3.5 mm 4 pin

from **14,78 EUR**

Item no.: 372939
shipping weight: 0.10 kg
Manufacturer: Delock

Product Description

This microphone by Delock is designed for mobile use on a smartphone or tablet. It has a longer range than built-in microphones and is therefore ideal for recording voice recordings, interviews, conferences, lectures, etc. The microphone can be angled up to 90° and can be rotated to the desired angle. The Y-adapter included in the scope of delivery enables the simultaneous use of headphones.
