Product Description

This USB cable by Delock enables the connection between devices with a USB Type-C™ port and a PC or notebook with a free USB Type-C™ or USB Type-A port. The integrated chipset supports the PD 3.1 function for faster charging with a charging power of up to 140 W. A special feature of this cable is the power display, which shows the current charging power. Extensive connection options: Thanks to the specially designed adapter, the Delock cable can also be quickly and easily connected to the USB Type-A socket. This means it can be easily connected to new devices with a USB Type-C™ socket and older devices that only have a USB Type-A connection. The adapter is located directly on the cable and therefore cannot get lost. Quality and performance: The cable is very hard-wearing and durable thanks to its robust textile sheathing and strong strain relief. The high wire cross-section of the power cable of 20 AWG also supports a stable power supply of up to 5 A.

Specification- Connectors: 1 x USB Type-C™ + USB Type-A plug / 1 x USB Type-C™ plug- Chipset: BJ8M601AFE-BK1- Wire cross-section: 28 AWG data wire / 20 AWG power wire- Power supply when connected via USB Type-C™ up to 140.0 W (28.0 V / 5.0 A)- Power supply when connected via USB Type-A up to 60.0 W (20.0 V / 3.0 A)- USB Power Delivery (USB PD 3.1) support up to 140.0 watts (only via- USB Type-C™)- Cable diameter: approx. 3.8 mm- Data transfer rate up to 480 Mbps- Cable with textile sheath- Colour: black- Length incl. connections: approx. 1.20 m- System requirements- PC or notebook with a free USB Type-C™ or USB Type-A port- Power adapter with a free USB Type-C™ or USB Type-A port- Device with USB Type-C™ port- Package contents- Cable
