42013 - USB 3.2 Gen 2 enclosure for PlayStation®5 with M.2 NVMe slot, tool-free

from **44,62 EUR**

Item no.: 362026
shipping weight: 0.20 kg
Manufacturer: Delock

Product Description

This enclosure from Delock enables the installation of an M.2 PCIe NVMe SSD in 2280, 2260 and 2242 format. It is connected directly to the PS5 with the two USB type-A connectors. The robust metal housing with ventilation slots on the sides ensures an optimal temperature of the memory. Additional USB type-A port This port is directly forwarded from the PlayStation®5. Thus, the USB Type-A socket on the enclosure can still be used to connect further USB devices or to charge the controller of the game console. USB extension cable The enclosed extension cable can be used to connect the enclosure to a PlayStation®4 and thus copy games to the M.2 SSD and then use it on the PS5. The cable can also be used to connect the enclosure to a PC or notebook. SSD installation without tools The special feature of this enclosure is that no tools are required to install the M.2 SSD. The cover can be pushed back with a little pressure, the SSD is attached to the board with a rubber nipple and then the cover is pushed back on until it clicks into place. Note: SATA M.2 SSDs are not supported.

Specification- external connections: 2 x SuperSpeed USB 10 Gbps (USB 3.2 Gen 2) Type-A male, 1 x SuperSpeed USB 10 Gbps (USB 3.2 Gen 2) Type-A female- internal connections: 1 x 67 Pin M.2 Key M Slot- Supports M.2 2280, 2260 and 2242 format modules with Key M or Key B+M on PCIe (NVMe) basis- Maximum height of components on module: 1.5 mm, use of double-sided modules possible- Supports NVMe Express (NVMe)- Supports UASP- Supports TRIM- Supports S.M.A.R.T.- Data transfer rate up to 10 Gbps- LED display for power and access- Metal housing- Dimensions (LxWxH): approx. 120 x 45 x 15 mm- Hot Plug, Plug & Play System requirements- PlayStation®5- PlayStation®4 (with cable)- Windows 10/10-64/11- PC or notebook with a free USB type-A port Package contents- External housing M.2- Cable USB type-A plug to type-A port to type-A port to type-A port to type-A port. Cable USB type-A plug to type-A socket, length approx. 30 cm- 2 x heat conducting pads- 1 x heat conducting plate- 2 x rubber nipples- Operating instructions
