

Item no.: MTRADC

MTRADC - Radome Cover Kit for mANT 30 dBi parabolic antenna

from **39,23 EUR**

Item no.: MTRADC
shipping weight: 2.40 kg
Manufacturer: MikroTik

Product Description

Mikrotik Radome Cover Kit

Radome Cover Kit is now available for MikroTik's mANT 30 dBi parabolic antennas!

It reduces wind load, protects the reflector surfaces from harsh environments, protects the antenna feed from falling objects, as well as positively affects the antenna sustainability and operational life.

The Radome Cover Kit is made of a special material that has a low dielectric constant. A wide temperature range and direct sunlight won't affect it.
