

Item no.: R11EL-FG621-EA

R11EL-FG621-EA - R11EL-FG621-EA, 3G/4G/LTE miniPCi-e card with 2 x u.FL connections

69,52 EUR

Item no.: R11EL-FG621-EA
shipping weight: 0.10 kg
Manufacturer: MikroTik

Product Description

A particularly cost-effective upgrade of our previous R11 LTE6 modem. It offers the same speed (up to 300 Mbps) and features as the previous version, but the price is even lower! This mini PCIe modem was developed for the EMEA/APAC/Australia regions and the supported frequencies include the popular B28 band. Thanks to carrier aggregation, the R11 can use multiple bands simultaneously. This is a great advantage in areas with many LTE users. It offers better responsiveness in a crowded environment and higher efficiency in weaker signal situations in rural areas. Depending on the service provider, we have observed a doubling of internet speed in rural areas after switching to carrier aggregation!

Specifications- Product code: R11eL-FG621-EA- Approved ambient temperature: -40°C to 70°C Power supply- Maximum power consumption: 3 W Mobile- 3G category: R8 (42.2Mbps downlink, 11.2Mbps uplink)- 3G bands: 1 (2100MHz) / 3 (1800MHz) / 5 (850MHz) / 8 (900MHz)- LTE category: 6 (300Mbit/s downlink, 50Mbit/s uplink)- LTE FDD bands: 1 (2100MHz) / 3 (1800MHz) / 5 (850MHz) / 7 (2600MHz) / 8 (900 MHz) / 20 (800MHz) / 28 (700MHz)- LTE TDD bands: 38 (2600MHz) / 40 (2300MHz) / 41 (2500MHz)- TAC: 86335904 Certification & Approvals- Certification: CE, ROHS- IP: IP00
