from **77,42 EUR**

Item no.: 372206
shipping weight: 1.40 kg
Manufacturer: Delock

Product Description

This patch panel by Delock can be used for installation in a 19" network cabinet. The standardised dimensions make it suitable for easy snap-in mounting of 48 keystone modules. Angled design The patch cables can be easily connected from both sides and ensure improved cable management. The angled panel is also a space-saving alternative to standard panels and prevents kinks in patch cables. Relief rail for optimum cable management The cables can be secured with cable ties on the rear of the patch panel to enable clear and organised cable routing. With dust cover and labelling field The individual ports in the front panel have a dust cover to protect them from dirt when not in use. The patch panel also has a small labelling field for each port, which can be individually labelled or provided with various symbols.

Specification- For mounting in 19" network cabinet, 1 U- 48 keystone ports with 16.2 x 14.6 mm- With labelling field and dust cover- Material: metal- Colour: black RAL9005- Dimensions (LxWxH): approx. 483 x 260 x 88 mm Package contents- 19" patch panel- Earthing cable- Screw- 25 x cable ties
