Product Description

This practical protective bag from Delock contains everything you need for a long journey by car, train or plane to use the audio playback of your phone or tablet. In-Ear headphones with microphone and volume control in stereo sound quality, a matching jack splitter that allows two people to listen to music at the same time, as well as a holder for the smartphone so that it can be conveniently placed on the table on the train, for example. Water-repellent and shockproof. The material of the case is water-repellent and also protects the contents from light impacts thanks to the hard shell. Little helpers. The set includes a bottle opener and two silicone corks for the shower.
