## 66810 - Crimping box 48-piece 50 Ohm with BNC, TNC and N connectors

from **179,00 EUR**

Item no.: 372215  
shipping weight: 1.00 kg  
Manufacturer: Delock

### Product Description

This high-quality box from Delock contains various crimp connectors for high-frequency technology for connecting components. BNC connectors are used particularly in the radio and video sector. The bayonet lock holds the connector firmly in place, even under high tensile stress. Unlike BNC connectors, TNC connectors are not connected using a bayonet, but are screwed together using a thread. Like BNC, however, they are used in radio and video applications. N connectors are among the most widely used connectors in high-frequency technology and are also used in radio and video applications.

Specification- Content: 5 x BNC male for RG-174, 5 x BNC female for RG-174, 5 x BNC male for LMR400, 5 x TNC male for RG-174, 5 x TNC female for RG-174, 5 x TNC male for LMR200, 3 x N socket for RG-174, 3 x N plug for RG-174, 3 x N plug for LMR200, 3 x N plug for LMR300, 3 x N plug for LMR400, 3 x N socket for LMR400- Housing material: Nickel-plated brass- Impedance: 50 Ohm- Frequency range: 500 - 6000 MHz- Dimensions of assortment box (LxWxH): approx. 265 x 180 x 30 mm System requirements- Coaxial cable suitable for crimping Package contents- 48 x crimp connector
