from **30,04 EUR**

Item no.: 374925  
shipping weight: 0.50 kg  
Manufacturer: TP-LINK

### Product Description

Secure, intelligent, easy to control, with coverage of all corners. Wi-Fi home surveillance camera with horizontal/vertical rotation. Motion detection with instant notification. Burglary is exactly the event we want to prevent. Install the camera facing the entrance to your home, garage or basement to ensure the safety of your family and property. As soon as the camera detects movement in your home, you will receive a notification. This way you can be informed about the delivery of a parcel or a suspected burglary. Activation of light and sound effects to deter unwanted visitors.
