📄 Product Description

This blind cover by Delock is used to cover a free module slot in a 45 mm module rack. Thanks to the simple snap-in mechanism, the cover sits firmly in place and can be easily replaced if necessary.Easy 45 is a variable, modular system that allows you to combine components such as sockets, HDMI or USB connections according to your own requirements. The Easy 45 modules are standardised and can be installed in various module supports or trunking. Easy 45 forms the interface between electrical, network and system installations and many peripheral devices such as TVs, monitors, printers, notebooks and much more.
