Product Description

This brush strip by Delock is suitable for installation in a 19" network cabinet. Installation without tools. The special feature of this brush strip is that no tools are required for installation in a network cabinet. The integrated fastening clips can simply be pushed outwards, locking the panel in place. Neat cable routing. The network cables are simply fed through from the front to the rear, preventing the cables inside the network cabinet from being seen and giving the network cabinet a tidy overall appearance. Protection against foreign objects. The nylon brushes included prevent dust and dirt from entering.
