UAP-AC-PRO - 802.11ac Dual-Radio Access Point

125,70 EUR

Item no.: SC-2402-0211-1832

shipping weight: 1.20 kg

Manufacturer: Ubiquiti

Product Description

Ubiquiti UAP-AC-PRO - 802.11ac Dual-Radio Access Point- Unlimited scalability in a unified management system- Groundbreaking speeds of up to 1300 Mbps in the 5 GHz band- Intuitive UniFi Controller software Scalable enterprise WLAN management UniFi(R) is a revolutionary WLAN system that combines outstanding performance, unlimited scalability, and a centralised management controller. The UniFi 802.11AC dual-radio access points (APs) have a sophisticated industrial design and are quick and easy to install thanks to the included mounting hardware. The UniFi Controller, easily accessible via a web browser, is powerful software that is ideal for high-density client deployments that require low latency and high availability. Use the UniFi Controller software to easily configure and manage an enterprise Wi-Fi network - no special training is required to use it. Real-time status indicators, automatic device discovery and advanced security features are seamlessly integrated. Save time and money Unlike other enterprise Wi-Fi systems, UniFi has a non-dedicated software controller that can run on a Windows, Mac or Linux machine on-premises, in a private cloud or using a public cloud service. Powerful hardware The UniFi 802.11AC Dual-Radio APs feature the latest 802.11AC MIMO Wi-Fi technology. Intuitive UniFi Controller software Configure and control your APs with the easy-to-use user interface. Expandable Unlimited scalability: Design Wi-Fi networks as large or as small as you need. Start with one device (or a multipack) and expand by thousands while maintaining a unified management system. Easy to install Elegant design for seamless integration into any environment (all accessories included). LED Unique LED ring shows administrators the location and alerts for each device, if applicable. Designed for outdoor use The UniFi AC Pro and UniFi AC Outdoor APs feature a weatherproof housing specifically designed for outdoor use. Innovative Speakers The UniFi AC EDU AP provides high-quality sound with accurate voice playback for announcements over Wi-Fi. Power over Ethernet (PoE) Includes PoE functionality. Each single pack includes a PoE adapter. UAP-AC-PRO Deploy the UniFi-AC-Pro AP both indoors and outdoors, but definitely in networks that require maximum performance. With its weatherproof design, the UniFi AC Pro AP offers simultaneous dual-band 3x3 MIMO technology and 802.3af PoE/802.3at PoE+ compatibility. It is available as a single pack and a five-pack*. *Only the single pack of the UAP-AC-PRO includes a PoE adapter. - Dimensions: 196.7 x 196.7 x 35 mm (7.74 x 7.74 x 1.38") - Weight: 350 g (12.4 oz.) with mounting kits: 450 g (15.9 oz.) - Network interface: (2) 10/100/1000 Ethernet ports- Port: (1) USB 2.0 port- Buttons: Reset- Antennas: (3) dual-band antennas 2.4 GHz: 3 dBi- 5 GHz: 6 dBi- WLAN standards: 802.11 a/b/g/n/ac Power supply method: Passive Power over Ethernet (48 V), 802.3af/803.2at supported (supported voltage range: 44 to 57 V DC)- Power supply: 48 V, 0.5 A Gigabit PoE adapter*- Max. power consumption: 9 W with optional power supply. Power consumption: 9 W with optional accessories: 20 W- Max. Transmission power 2.4 GHz: 22 dBm- 5 GHz: 22 dBm- BSSID: up to four per radio module- Power saving: supports- WLAN security: WEP, WPA-PSK, WPA-Enterprise (WPA/WPA2, TKIP/AES)- Approvals: CE, FCC, IC- Mounting: Wall/ceiling (kits included)- Operating temperature: -10°C to 70°C (14°F to 158°F)- Humidity: 5 to 95% non-condensing
