from **27,79 EUR**

Item no.: 373251  
shipping weight: 0.10 kg  
Manufacturer: Delock

### Product Description

The docking station by Delock is the mobile companion for the MacBook with USB Type-C™ connection. Up to 2 USB devices can be connected to the docking station. Due to its dimensions and the specially arranged USB-C™ connector, the docking station can be perfectly connected to the MacBook. Integrated card reader. In addition, the docking station with integrated card reader expands a PC or notebook with an SD and a Micro SD slot via the USB Type-C™ connection. USB Power Delivery (USB PD 3.0) support up to 100 watts. The docking station has a USB Type-C™ Power Delivery port, to which the power supply unit of the notebook or tablet can be connected to charge it. This power supply unit also supplies the USB Type-A socket with power. The docking station can also be used without a power supply unit. Small, sturdy helper. Thanks to its small dimensions and sturdy housing, this Delock hub is particularly suitable for travelling. It can simply be packed in your bag together with your notebook or tablet and used when needed. If the USB-C™ plug is inserted during transport, it cannot get dirty or damaged.
